Dear Goshen Center School Families,

The 2016-17 school year will soon begin and I want to welcome everyone back from what I hope was an enjoyable summer. Everyone at Goshen Center School is looking forward to another positive and productive year together. I feel truly privileged and honored to work with such highly qualified and dedicated teachers and staff and an amazing student body supported by wonderful families. I look forward to working with all of you to make this year a huge success!

I have had a busy and productive summer planning for the upcoming school year and over this past week my family traveled to Washington D.C. to drop off our daughter at her first apartment to start her sophomore year at American University. In addition, we have been touring colleges with our son who will be a senior at Wamogo this year.

We are introducing a new pick-up procedure for this school year following input from the state police and our safety director. Please see the attached sheet for further information.

Once again we will circulating a weekly e-blast outlining important happenings at GCS and in our community as well as offering notice for upcoming events. Please make sure you are signed up for the e-blasts by emailing Wanda Wiig, wwiig@rsd6.org with your email address.

Every day is special at Goshen Center School and I look forward to working with our talented educators and staff to provide our children and their families a wonderful place to learn and be successful. I know this will be a great school year!

All the best,

Greetings,

The safety of our students is our primary concern at Goshen Center School. Following input from the State Police and Region 6’s director of security we are implementing a new policy for pick-ups effective the first day of school.

**Morning drop offs.** Drop offs will continue at the back, left side of the building. After entering school property please drive slowly to the back of the building and wait for a GCS staff member before dropping off your student(s). **Morning drop offs for students are at 8:50 a.m.** Please do not drop students off before 8:50 a.m. and do not leave students unattended. A sign will be placed outside when the staff member is no longer walking students into the building. Students being dropped off after 9:00 a.m. will need to be walked into the main office by a parent or guardian.

**Afternoon pick-ups.** The process and location for afternoon pick-ups is changing this year. Pick-ups will be in our school cafeteria located to the right of the main entrance. Anyone picking up a student at the end of the day will need to park in the parking lot on the north side of the school. Please do not park in the library parking spots or in the turn around outside the main office. All students being picked up from school will be dismissed to the cafeteria where a GCS staff member will have a sign out sheet where the adult picking up the student will need to sign. The staff member will ask for identification of anyone they are not familiar with so if you are having someone other than a parent pick up please be sure to tell them to bring their license and to notify the front office and your child’s teacher of who is picking up. You will need to let us know who will be the regular pick up person. Students will no longer be dismissed to back of the building.

Thank you for your attention to this new policy. We are excited for a wonderful school year.

Sincerely,
