

# TreeRing Yearbooks

Dear Families,

The Sixth Grade is excited to announce that we will be working with **TreeRing** this year for the Goshen Center School yearbook! **TreeRing**'s environmental roots go deep. They have partnered with Trees for the Future to plant a tree for every yearbook purchased. In addition, they print on recycled paper and only produce the exact number of books parents buy, eliminating unnecessary waste and resources.

Not only can Goshen Center School feel good about providing students and parents with a yearbook that captures their personal memories, they can also have confidence in the sustainable and environmentally conscious approach **TreeRing** take in producing them.

**TreeRing** helps schools create better yearbooks. Their social-first approach lets teachers, parents, and students capture memories, safely share them with the school community, and create free personalized pages for the printed edition—all at no cost to the school.

We are hoping that you will purchase a yearbook this year and take home your child's school memories. If you purchase a book in the month of October you will get a 10% discount. In the month of November, a 5% discount. You may choose to order a soft cover or upgrade to a hard-cover for an additional \$6.95!

Click below to order today!

This year's yearbook will be new and improved! We will be working hard to capture many students' school memories. If you have photos you would like to share with the yearbook committee, please download the **TreeRing** app and upload your photos into the designated folders.

Let the memories begin!!!
